

FOSS NORTH 2023

April 23 – 25 // Gothenburg // Sweden

foss-north is a free and open source conference covering both software and hardware from the practical perspective. Hosted in Gothenburg, between Copenhagen, Oslo, and Stockholm with an international airport, we provide a meeting place for the extended Nordic community and bring together great speakers with a great audience.

Community Room Hosts

- We are looking for rooms for the community day.
- This is an opportunity to host a community activity such as a devroom, hackaton, unconference, or workshop.
- Great for showing your facilities and activities to the broader community.
- foss-north will call for projects to fill the rooms.
- The rooms need wifi, power, lighter food and a host.
- Each room will be an "open house" for visitors.
- We will promote the rooms and hosts.
